

Arbuckles' Roasted Coffee

Makes more cups of better coffee to the pound than any of its imitations

Is prepared by an individual firm who made their reputation many years ago; who intend to maintain it as long as the people appreciate good, pure coffee, at an honest coffee price. If others imitate Arbuckles' coffee, that's their business; if you prefer an imitation coffee, that's your business. But you'll find that it's economy to pay a cent a pound more for Arbuckles' Ask the grocer for Arbuckles' Roasted Coffee, the original package coffee, and refuse imitations under any other name.

With each package of Arbuckles' Coffee you buy a definite part of some useful article (see list which each package contains). The article is yours whether you present a certain number of signatures from the wrappers at our Station Dept. Look for the list.

RURAL FREE DELIVERY.

Application For Establishing a Route in Mason County.

A petition is now being circulated in Mason county for the establishment of a rural free delivery service along the principal roads.

It is proposed that the route start from the Postoffice at Mayville, thence to the Sardis pike over the Mayville and Lexington road, out the Sardis pike to the Shannon and Murphyville pike and along the latter to Washington, coming back to Mayville over the Hill City pike.

The distance would be in all about thirty miles.

Residents in the above territory will be asked to sign the petition, and, with a map of the route, it will be sent to the Department at Washington to be acted upon as soon as possible.

Such a service would be of inestimable value to the country people, enabling them to get their mail regularly each day without the loss of time in driving miles to the nearest Postoffice.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in *fine words*? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials; turned and twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine words make fine goods, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpeting, Matings and Housekeeping Goods generally is complete. Come and learn prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON.

We can heartily recommend this excursion, as our city schools had a similar one recently.
